24H SERIES

LONG DISTANCE RACING CHAMPIONSHIP FOR GT AND TOURING CARS AT THE MOST BEAUTIFUL VENUES AROUND THE WORLD

Providing top-level racing with a relaxed paddock environment has seen the 24H SERIES powered by Hankook tour extend across Europe, the Middle East and the United States of America, with ambitions to grow the portfolio further in the future.

Founded in 2005, the 24 H Series has fast established itself as one of the most professional organizing bodies in the world of motorsport. Built by, and for, keen amateur racers, the network has grown substantially since its humble beginnings – continuing to do so today – and remains among the most respected names in the motor racing community, thanks to an ever-increasing portfolio of endurance racing series catering to GT, touring car, Le Mans-style prototype racing, and pretty much everything else in-between.

The 2023 season already kicks off mid-January with its legendary race in the desert – the 24h of Dubai. Further stops will see many other prestigious and world-famous racetracks such as the Roller Coaster in Spa-Francorchamps, the high-speed course in Monza or the Circuit de Catalunya-Barcelona.
